

**LEGAL NOTICE**

**STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.**

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1<sup>st</sup> Floor, LaSalle Building, 617 North 3<sup>rd</sup> Street, Baton Rouge, Louisiana, at 9:00 a.m. on **TUESDAY, JANUARY 27, 2009**, upon the application of **THE MERIDIAN RESOURCE & EXPLORATION COMPANY**.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of Orders pertaining to the following matters relating to the **O Sand, Reservoir A**, in the Weeks Island Field, Iberia Parish, Louisiana.

1. To dissolve the reservoirwide unit created for the O RA SU, by Office of Conservation Order No. 146-S-10, effective May 12, 1998, and to simultaneously create a revised reservoirwide unit for the O Sand, Reservoir A.
2. To extend to the proposed revised reservoirwide unit, all pertinent provisions of Series of Order No. 146-S.
3. The applicant will recommend at the hearing the creation of a single revised reservoirwide unit for the O Sand, containing 78.66 acres (Tertiary) and 43.67 acres (Primary-Secondary).
4. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the boundaries of the unit area for the proposed reservoirwide unit, with each separate tract sharing in the unit production resulting from primary recovery, secondary recovery and tertiary recovery programs in the percentages for the Revised Primary-Secondary and Tertiary Participation for each such tract included on the plat submitted with the application.
5. To designate a unit operator for the revised reservoirwide unit so created.
6. To consider such other matters as may be pertinent.

The O Sand, Reservoir A was defined in Order No. 146-S-3, effective January 14, 1987 and was further defined in Order No. 146-S-11, effective June 6, 2000 and is further defined as being that oil and gas bearing sand encountered between the measured depths of 10,750' and 10,966' (electrical log measurements) (10,459' and 10,640' VD) in The Meridian Resources and Exploration, LLC-Myles Salt No. 31 (ST-3) Well, located in Section 14, Township 14 South, Range 6 East.

A plat is available for inspection in the Office of Conservation in **Baton Rouge** and **Lafayette**, Louisiana.
